

How should your extended essay look like

Front page:

- Your EE must have a title and a research question.
- Your RQ must be in the form of a question.
- Information about the subject and the graduation time (e.g. May 2024)

Content page – created when the essay is written

- Should include page numbers.

1. Introduction must include:

- General information about the topic
- Explanation why this topic is important and relevant to you
- Clearly stated research question (**bolded**)
- Methodology of the research (written in future tense)
 - i. What sources will be used (what kind of primary and secondary sources)
 - ii. What theory studied in the economics course (but not restricted to it) will be used

Body of the essay (matrix structure)

*Theoretical knowledge used to explain the processes behind the data (e.g. diagrams); **research variables***

*2-4 Chapters including discussion on different aspects of the matter backed by **empirical data** (tables, graphs etc); e.g. different stakeholders*

	2. Content-based headline and short intro to the chapter	2.1 Sub-chapter with analysis (theory + data) and conclusion referring to RQ	2.2	2.3
	3.	3.1	3.2	
	4...			

5. Conclusion must include:

- Summary of the research outcomes
- Your reflections on the limitations of the essay
- Suggestions for further research
