Mark Bands for TOK Exhibition   Student name:

BEST FIT SCORE:	Objects and Real-world Context	Links made to IA prompts	Justification for inclusion of object	Evidence	Characteristics of Commentary
9-10	☐ The exhibition clearly identifies three objects and their specific real-world contexts.	☐ Links between each of the three objects and the selected IA prompt are clearly made and well-explained	☐ There is a strong justification of the particular contribution that each individual object makes to the exhibition.	☐ All, or nearly all, of the points are well-supported by appropriate evidence and explicit references to the selected IA prompt	☐ Convincing ☐ Lucid ☐ Precise
7-8	☐ The exhibition identifies three objects and their real-world contexts	☐ Links between each of the three objects and the selected IA prompt are explained, although this explanation may lack precision and clarity in parts	☐ There is a justification of the contribution that each individual object makes to the exhibition.	☐ Many of the points are supported by appropriate evidence and references to the selected IA prompt.	☐ Focused ☐ Relevant ☐ Coherent
5-6	☐ The exhibition identifies three objects, although the real-world contexts of these objects may be vaguely or imprecisely stated	☐ There is some explanation of the links between the three objects and the selected IA prompt.	☐ There is some justification for the inclusion of each object in the exhibition.	☐ Some of the points are supported by evidence and references to the selected IA prompt.	☐ Adequate ☐ Competent ☐ Acceptable
3-4	☐ The exhibition identifies three objects, although the real-world contexts of the objects may be implied rather than explicitly stated	☐ Basic links between the objects and the selected IA prompt are made, but the explanation of these links is unconvincing and/or unfocused.	☐ There is a superficial justification for the inclusion of each object in the exhibition.	☐ Reasons for the inclusion of the objects are offered, but these are not supported by appropriate evidence and/or lack relevance to the selected IA prompt. There may be significant repetition across the justifications of the different objects	☐ Simplistic ☐ Limited ☐ Underdeveloped
1-2	☐ The exhibition presents three objects, but the real-world contexts of these objects are not stated, or the images presented may be highly generic images of types of object rather than of specific real-world objects	☐ Links between the objects and the selected IA prompt are made, but these are minimal, tenuous, or it is not clear what the student is trying to convey.	☐ There is very little justification offered for the inclusion of each object in the exhibition.	☐ The commentary on the objects is highly descriptive or consists only of unsupported assertions.	☐ Ineffective ☐ Descriptive ☐ Incoherent
0	☐ Standard not met	☐ No obvious link	☐ No obvious justification	☐ No relevant evidence	☐ Nothing
